

I signed up on the no call list because I don't want to be bothered by telemarketers. The Federal government attempt to weaken Wisconsin's no call list is simply a matter of complete indifference to the consumer and catering to special interest groups. If I wanted the nuisance calls from telemarketers I would not have gone to the bother of signing up for DO NOT call. Please respect my wishes and my privacy. The only effect telemarketing will have on what I purchase is to be absolutely certain I do not purchase from any company who contacts me by phone because they are ignoring my request to not be bothered!!! Please leave Wisconsin's DO NOT CALL LIST intact.
